Understanding the role of climate in Indonesian fires, to better support fire management interventions

25 July 2019, Century Park Hotel, Jakarta, Indonesia

This workshop is part of CIFOR's USAID-funded project: Fire in the tropics: Understanding, foreseeing and acting on future fire risk in tropical landscapes

Workshop Agenda
8:45-9:20 - Registration
9:20-9:45 - Welcome by CIFOR Director General and workshop introduction: goals and background
9:45-11:15 - Presentations + discussion**:**
o The National context of fire
o Fire trends in Indonesia: Connection with climate and land dynamics (CIFOR)
o National fire statistics (MOEF)
o Fire danger rating system-operations and use in Indonesia (BMKG + CIFOR)
o Fire GHG Inventories and NDCs (MOEF)
11:15-11:45 - Coffee break served in the room
11:45-12:15 - Presentations + discussion:
o A historical perspective of regulatory frameworks for FMI
o Grand Design for Fire Prevention and an Example of Action Research
o A summary of post 2015 FMI in Indonesia: gaps and needs
12;15-12:45 Introducing group dynamics: maps and FMI
12:45-13:45 Lunch
13:45-14:00 Questionnaire on FMI perceptions
14:00-15:15 Explanations on FMI-SWOT dynamics and group rotations
15:15-15:30 Coffee break served in the room
15:30-16:30 FMI-SWOT reporting and discussion
16:30-16:45 Wrap up and next steps
